

Command Course

Course Structure:

Command course based on the requirements of JAR OPS 1 with additional items considered necessary to become Captain. Most of the study procedures assume relevant background and previous theoretical knowledge in the areas concerned. They are designed to refresh specific skills and to provide new ones to obtain proficiency for Pilot-in-Command operations.

The command course content can be varied to exceed JAA minimum requirements, accommodating specific airline or candidate needs.

Entry Requirements:

- ATPL
- Valid ME IR
- Minimum 1500 hours

Subsequent Type Rating: Valid ME IR
